

ELIMINATE ODORS USING SCIENCE - NOT PERFUME COVERUP!!

ECOLO XStream Vapor System

MADE FOR INDUSTRIAL USE

The ECOLO XStream Vapor Units produce the industry leading "vapor" output technology neutralizing the odor on contact and not just masking it.

Ecolo's finely machined products have been developed to provide consistent output of ultra-fine particles that consistently average 1 micron. These smaller, lighter and higher numbers of vapor droplets increase the opportunity for collision and absorption between the XStreme Vapor Solution molecule and an odor molecule.

Unlike machines that produce high levels of "Ozone", which are known to be harmful to humans, ECOLO products are made from natural products and meet government safety standards.

IDEAL FOR:

- Trash Rooms
- Trash Chutes
- Compactors
- Retirement or Nursing Homes
- Kennels or Veterinary Clinics
- Wash Rooms
- Back Rooms Of Stores
- Any Location Producing Offensive Odors.

AUTOMATIC COVERAGE

- Programable Controls For Timing
- Set To Run Every 1-10 Minutes For 1-10 Seconds
- Can Run Multiple Stations
- Quiet Operation That Can Mount On The Wall
- 100% Safe Patented Vapor Solutions
- Simple, Effective, Economical

Eliminate Your Odor Problems Now

- Take a trial run. No obligation.
- Available for purchase or full-service rent.
- Only requires a standard plug receptacle.

Try It Out And See For Yourself.
